July 2023

Greetings District 148 Community, Families and Strategic Partners! Welcome to the 2023-2024 school year! I hope this summer has been a time of relaxation and an opportunity to spend time with family and friends. District 148 has remained busy as we are working hard to prepare for a scholarly experience for our scholars first day of school on Monday, August 21, 2023.

The 2022-2023 school year entailed the educational grind of District 148 scholars and staff in academics in all grade levels. Many accomplishments were attained and celebrated for scholars in academics and athletics. These talents advanced to state levels for competition. Way to go District 148 scholars!

Engagement with the community is priority for District 148. As we continue to find and provide ways to keep the community involved, I am proud that our staff and scholars are presented with opportunities during the school day that they can share with each other, as well as with others outside of the school building. An example our engagement is our social and emotional learning. These practices allowed District 148 to have a visit from the Illinois Education Association to witness social and emotional in action in our school buildings. District 148 continues to be a model school amongst other districts as we continue to stress the importance of self-expression in a positive manner. Having an understanding and awareness of the importance of our own mental health will help each of us to have a better understanding of others. We want to ensure that our families, scholars and staff are aware of the resources that are available to them, if needed.

As we prepare for the great things for the 2023-2024 school year, I encourage the community to stay engaged with your child(ren) school and the District. Many opportunities and resources are offered to keep you in the loop of a variety of things. District 148 staff is committed to guiding our scholars towards the best possible future. The beginning of a new school year is the best time to commit ourselves to our common goals. I ask that you familiarize yourself with everything District 148 has and start the year District 148 Strong!

Educationally yours,

Dr. Kevin J. Nohelty
Superintendent of Schools
