Nov 23, 2023	Thanksgiving Day	March 4, 2024	Casimir Pulaski Day		

# Exhibit J: Local Wellness Policy

Student wellness, including good nutrition and physical activity, shall be promoted in the District's educational program, school-based activities, and meal programs. This policy shall be interpreted consistently with Section 204 of the Child Nutrition and WIC Reauthorization Act of 2004 and the Healthy Hunger-Free Kids Act of 2010 (HHFKA).

Students will be offered and schools will promote nutritious food and beverage choices during the school day that are consistent with Board policy 4:120, Food Services (requiring compliance with the nutrition standards specified in the U.S. Dept. of Agriculture's (USDA) Smart Snacks rules). In addition, in order to promote student health and reduce childhood obesity, the Superintendent or designee shall:

1. Restrict the sale of competitive foods, as defined by the USDA, in the food service areas during meal periods;
2. Comply with all ISBE rules; and
3. Prohibit marketing during the school day of foods and beverages that do not meet the standards listed in Board policy 4:120, Food Services, i.e., in-school marketing of food and beverage items must meet competitive foods standards. Competitive foods standards do not apply to foods and beverages available, but not sold in school during the school day; e.g., brown bag lunches, foods for classroom parties, school celebrations, and reward incentives.

Good nutrition shall be promoted in the District's meal programs and in other food and beverages that are sold to students during the school day. The Superintendent shall manage a food service program that complies with this policy and is in alignment with Board of Education policy 6:50, School Wellness. Food or beverage items sold to students as part of a reimbursable meal under federal law must follow the nutrition standards specified in the U.S. Dept. of Agriculture rules that implement the National School Lunch and Child Nutrition Acts. Schools being reimbursed for meals under these laws are participating schools. The food service program in participating schools shall comply with the nutrition standards specified in the U.S. Dept. of Agriculture's Smart Snacks rules when it offers competitive foods to students on the school campus during the school day. Competitive foods are all food and beverages that are offered by any person, organization or entity for sale to students on the school campus during the school day that are not reimbursed under programs authorized by federal law. The food service programs in participating schools shall also comply with any applicable mandates in the Illinois State Board of Education's School Food Service rules implementing these federal laws and the Ill. School Breakfast and Lunch Program Act. All revenue from the sale of any food or beverages sold in competition with the School Breakfast Program or National School Lunch Program to students in food service areas during the meal period shall accrue to the nonprofit school lunch program account.
