RESIDENCY LETTER FOR DISENROLLMENT

DATE:

Dear _____:

State law and school district policy require that parents and their children must reside in the same household in order for that child to attend a particular school. It has come to the attention of this office that you do NOT reside within the boundaries of School District #148. This decision is based upon the following information:

- 1.
- 2.
- 3.
- 4.
- 5.

In accordance with State law we will allow you ten (10) days to dispute our findings. If you have been unable to verify your residency at the end of the allowed ten (10) days, your daughter/son _____ will not be allowed to attend classes at _____ school. The office will process a transfer for you to pick-up for your daughter/son and provide a copy of medical files for ease in registration at the appropriate school. At that time, you will be informed as to the amount you will be charged as tuition for attendance up to this point in School District #148.

Sincerely,

Principal
