Serving the communities of Dolton ▪ Riverdale
Harvey ▪ South Holland

Welcome to the 2022-2023 school year! I am elated to serve as your Superintendent of Schools for another year with our outstanding scholars. This will be another year of memorable lessons and experiences as we Empower Every Child.

School District 148 had a successful end to the 2021-2022 school year. The return to in-person teaching and learning for staff and scholars began on August 18, 2021, which was a process for all. The shift in how to navigate COVID-19 while working to stay healthy and safe not only for us, but for everyone that we encountered was a challenge. The staff, scholars, and community were diligent in following the procedures that were put in place during in-person learning. We are reopening our educational doors once again in-person to enhance the minds of our future scholars.

I am proud that our staff and scholars are prepared to utilize all the resources we have for technology. We will continue to ensure that all scholars receive a quality education. The wearing of masks will be optional, but strongly recommended. If there is a spike in COVID-19 rates in the community or a particular building, an adjustment to the mask requirement will be communicated to the staff, scholars, and community immediately.

In addition to providing a quality education, District 148 will continue to provide targeted support to scholars and families. We will also continue to provide restorative practices to staff, scholars and families. District 148 is excited to continue providing various training opportunities as they become available for you.

District 148 will implement our 2022-2027 Strategic Plan. This in-depth plan provides a comprehensive road map of the direction in which the district will progress as we encourage educational growth and support for all scholars. The Strategic Plan is available on the district's website at www.district148.net. I invite each of you to be a part of the district's journey with the Strategic Plan.

I look forward to sharing academic accomplishments and highlights for the 2022-2023 school year. District 148 looks forward to continuing to build and strengthen community relationships with all stakeholders. Again, I welcome you to the 2022-2023 school year and look forward to hearing about your experiences this year!

Educationally yours,

A handwritten signature in black ink, appearing to read "Kevin J. Nohelty".

Dr. Kevin J. Nohelty
Superintendent of Schools

BOARD OF EDUCATION

Mr. Larry Lawrence, Board President
