Franklin Elementary School has developed a School-Parent Compact. This compact outlines how parents, school staff and students share the responsibility for improving student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high academic standards. The compact will be reviewed annually.

Items in the compact include the following sections:

- *The Parent-Guardian Responsibilities* - this includes a summary of how parents and guardians can best support their student.
- *The Student Responsibilities* - this includes a summary of how the student can best succeed.
- *The School Responsibilities* - this includes a summary of how the administrators, teachers, and staff can best engage the child and motivate him/her towards success.
